### (Who we are)

*Passoni is dedicated to the passion of cycling. That passion for the sport and culture of cycling has run through the veins of the Passoni brand and family for the last 30 years. Manufacturing and building all of our bikes in Italy, Passoni has developed a worldwide reputation for creating exceptional custom bike frames in carbon-fibre, steel and titanium, designed for those with a true appreciation of fine craftsmanship.*

### (Product description)

*At the heart of Passoni is our experience, expertise and passion for crafting custom bikes. Our obsessive attention to detail and commitment to quality resonates deeply with our clients and enables us to maintain the highest of standards. Our Made-to-Measure bikes truly epitomise our approach to bike building. We've developed a core range of frames to suit all types of riders and we provide a unparalleled level of customisation that enables you to have a Passoni your way.*
